3 Bedrooms | 2 Bathrooms | 2,509 Sqft

Beautiful END UNIT that offers the perfect combination of functionality, added privacy and extra windows for abundant natural light throughout. Designed with 3 bedrooms, 2 full baths, a ground floor bonus area, and outdoor living spaces off all three levels, this home is thoughtfully designed to accommodate modern living. The main level with wood floors provides flexible living options with an eat-in area, family room, and living area with a dining space that is currently used as a study/office. The kitchen is well-equipped with ample cabinetry and a breakfast bar. Upstairs, the primary suite offers a full en-suite bath with dual vanities and generous closet space, and private access to this level's covered porch. Two additional bedrooms and a second full bath provide plenty of room for family or guests. Two half baths one on the main level and another on the lower level add convenience for both residents and visitors. Some owners in Kensington have turned the ground floor into another bedroom with full bath. Other features included attached garage, crown molding in some areas, plantation shutters, smooth ceilings, professionally organized closets, laundry on the bedroom level, and an extra interior storage closet on the ground level. The corner location gives you the feel of having your own yard without the upkeep. The deer walk right by the
