Welcome to Creekside -- a one-of-a-kind ocean view and creekfront home offering direct access to the Ocean via Jeremy Inlet. This stunning 3,000 sq.ft. custom-built home is one of the finest in The Hammocks, ideally situated at the end of a quiet cul-de-sac with breathtaking views of Scott Creek, Jeremy Inlet, and the open ocean beyond. Bonus: This offering includes the adjoining lot, creating the possibility to establish your own private compound in this serene, gated community. Built with timeless Lowcountry character, the home features reclaimed 100-year-old heart pine floors and a beautifully designed chef's kitchen. The layout is thoughtfully planned for first-floor living, with a formal living room and a cozy family room, both with fireplaces. Under the house, a full-sized, 600 sq.ft. climate-controlled workshop provides the perfect space for hobbies or storage, while six garage bays (with 12-foot clearance) easily accommodate boats - even with a T-top. Surrounded by majestic Palmetto and Oak trees, the home sits just feet from the water's edge - where you can watch dolphins swim by from the comfort of your covered porch. Enjoy panoramic ocean views, crabbing and fishing off your own
