As you enter this beautifully maintained home, you're welcomed by elegant tile flooring that leads into a bright home office. Crown molding flows throughout the freshly painted interior, which also features brand-new carpet upstairs. The open floor plan connects the kitchen and family room, where high smooth ceilings and an abundance of natural light provide serene views of the wetlands behind the property. The kitchen offers stainless steel appliances and overlooks a screened porch that opens to a beautifully landscaped, fenced-in courtyard with a stone walkway--an ideal space for relaxing or entertaining. A one-car garage adds convenience and storage. Upstairs, the spacious primary bedroom features a generous walk-in closet and a large ensuite bath complete with a garden tub, separate shower, and double vanity. Additional storage is available beneath the staircase, enhanced with built-in shelving. Water heater replaced in 2024. Truly a charming and move-in-ready home.
