Why wait for new construction when you can enjoy a home on a proven lot, surrounded by completed homes, with no active construction nearby and thoughtful upgrades already in place? This Midtown home welcomes you with gorgeous architectural details and a charming front porch. Thoughtfully designed and well maintained, this home features a front-loading 2-car attached garage and a layout that feels comfortable, functional, and easy to live in, both indoors and out. Step inside to an inviting foyer that leads into a bright, open-concept living, kitchen, and dining area, all finished with durable LVP flooring that flows seamlessly throughout the main level. The semi-gourmet kitchen is the heart of the home, featuring stainless steel appliances, a large center island w/quartz countertops, and a walk-in pantry making it perfect for entertaining or enjoying quiet, everyday moments. Character-rich details like shiplap and board-and-batten accents, along with custom lighting, add warmth as well as a clean, modern feel. Natural light fills the open family/great room, creating a space that feels comfortable, connected, and easy to live in. Upstairs, the spacious 16x16 owner's suite serves as a true retreat, complete with a walk-in closet and a spa-inspired bathroom featuring a fully tiled walk-in shower with bench and dual vanities.
