This 4BR + office custom build in the heart of Mt Pleasant's historic Old Village checks all the boxes! The house was thoughtfully designed for the premier location and to capture harbor views. The wide open floorplan features 10' ceilings, 7" white oak floors, marble counters, custom blinds, and a moving glass wall that combines the living room and screened porch with double sided fireplace. Downstairs primary suite and a dedicated office. Laundry mudroom combo downstairs with tons of built-in storage. Upstairs are three guest bedrooms, two full baths, secondary laundry, and a loft with a balcony view of the harbor. Behind the main house you'll find a heated plunge pool and conditioned detached garage with flex space and full bath.
