4 Bedrooms | 3.5 Bathrooms | 2,219 Sqft

A refined Lowcountry townhome overlooking serene natural views. Welcome to 7790 Farr Street, a beautifully designed end-unit townhome built in 2021 and located in one of Daniel Island's most picturesque pockets. Thoughtfully crafted with elevated finishes and an inviting layout, this 4-bedroom, 3.5-bath residence blends modern comfort with timeless Lowcountry charm. Exterior & Setting A gracious wrap-around front porch, accented by a classic gas lantern, sets the tone as it overlooks a large natural pond and walking trails just across the street. The large, fenced yard offers privacy and low-maintenance outdoor living--perfect for relaxing or entertaining. Interior Highlights Step inside to discover 10-foot ceilings, gorgeous wood floors, and abundant natural light throughout open-concept main level. The gourmet kitchen is a chef's delight, featuring: Stainless steel appliances Quartz countertops Farm sink Pot-filler Large island ideal for prep and gathering The main-floor primary suite provides convenience and luxury with an en-suite bath and a spacious walk-in closet with custom cabinetry. Upstairs, three additional bedrooms and two full bathrooms offer flexibility for guests, family, or office space. Off the living room, a beautiful and spacious screened porch extends your living space and offers a peaceful view of the
