\$549,000

3 Bedrooms | 2.5 Bathrooms | 2,390 Sqft

What's not to love about this home?! From the moment you walk in you know you're going to love it! Fine details are evident throughout from the ceiling to the floors...You'll begin to think you're in a model home. The floor plan flows seamlessly & you'll appreciate the built-in gas grill on the covered patio. The family room, with a fireplace, expands into the sun room, dining room, kitchen & breakfast nook. The butler's pantry connects the kitchen to the dining room. The primary bathroom has been fully updated & is flanked by a long, customized primary closet. The secondary bedrooms are adjoined by an updated full bathroom with dual vanities. From the expansive front porch to the private backyard, this home offers elegance, beauty & turn-key availability. See this one before it's gone!
