Delightful Lowcountry elevated home ready for you! Zoned for Daniel Island Schools! This home offers a warm inviting ambiance! The main floor offers an office/flex room, powder room, drop zone, family room, renovated kitchen, and dining room. Open family room is designed around a central fireplace. Chef's kitchen with custom cabinets, beautiful counter-tops, large island and a gas range. The kitchen really is the center of this home. Dining room opens to the kitchen which makes entertaining a breeze. The office provides a wonderful flex space for the owner to use as they need to and the screened porch and open deck for grilling are not to be missed. Upstairs the primary suite is split from the other bedrooms. Primary bathroom with dual sinks, garden tub and tiled shower. The closets in the primary are a plus! Two walk in closets and additional closet space. Two secondary bedrooms share the full bathroom. The 4th bedroom is privately situated on the third floor with a separate bath. This room could be used as a flex space as well. Outdoor space - covered patio and fire pit areas, large fenced in backyard. Natural light, attention to detail, spacious floor plan and well-appointed brand new kitchen are just a few features that check the boxes for your new home. Short golf cart ride to Daniel Island shopping, restaurants and grocery store! Shelling at
