Welcome home to turn-key, easy-living in a highly sought-after area in West Ashley. Offering one of the largest square footages currently on the market, this opportunity stands apart as a rare two-bedroom, two-bath available in this exceptionally located neighborhood! Inside, a flowing layout is designed for comfort and functionality. The kitchen was previously updated and includes white cabinetry, granite counters and backsplash. Both bedrooms are generously sized. The primary suite features one of the few available with both a walk-in closet and attached full bathroom, providing privacy and convenience rarely found at this price point. The property is adjacent to a serene marsh, offering calming views that instantly make you feel at home. A true highlight is the screened-in porch, one of the few properties to offer, perfect for relaxing beneath the canopy of beautiful, mature trees with true comfort. Storage is maximized throughout the home with an interior storage closet, coat closet, and porch storage, plus a separate laundry closet with shelving, tucked away from the kitchen and baths for added functionality and organization. Positioned for ultimate convenience with two dedicated parking spots within a few steps of the front door, this second-floor condo boasts one of the the most accessible locations to both Downtown and I-526, making
