Why wait for new construction when you can have this better than new home. The main level features a formal dining room detailed with a tray ceiling, crown molding, picture molding, and chair railing. The open-concept kitchen is equipped with quartz countertops, a farmhouse porcelain sink, and a suite of stainless-steel appliances, including a gas cooktop, wall-mounted oven, microwave, and dishwasher. This space also includes soft-close cabinetry, a stainless vent hood, and a large island. The eat-in kitchen area is accented by transom windows and flows into the family room, which features an electric fireplace and crown molding throughout. The downstairs area is rounded out by luxury vinyl plank (LVP) flooring and a versatile bedroom that can serve as a guest suite, office, or playroom, complete with a closet and a full bathroom featuring tile flooring and a tile shower. Upstairs, you will find a large loft area and the remaining bedrooms. The primary Suite features a tray ceiling with a fan, a spacious walk-in closet, and an ensuite bathroom with quartz dual-sink vanities, a soaking tub, and a separate walk-in shower. There are three additional bedrooms on this floor. One of them has a large walk-in closet. The full bathroom includes high-comfort flooring and quartz countertops. The laundry room is conveniently located off the loft, featuring vinyl flooring, a
