This is where the living is easy. Step inside to a bright, welcoming layout with no stairs at entry, where the flow naturally draws you into the heart of the home. The kitchen and living area open wide for everyday living and gathering, with abundant cabinetry, a large island, and space to truly spread out. The primary suite is tucked privately at the back of the home, while upstairs offers additional bedrooms, a flexible bonus/media room, and a private en suite setup for guests. Out back, enjoy a screened porch, extended patio, and a fenced yard backing to a 4-acre wooded HOA buffer--offering rare privacy with no immediate rear neighbors. A formal dining room and private office with French doors flank the entry, giving you both function and flexibility from the moment you walk in. Whether you're working from home, hosting, or just enjoying a quieter day-to-day rhythm, the layout adapts easily. The kitchen is designed for real life--with generous storage, prep space, and an eat-in area that actually gets used. It connects seamlessly to the main living space, creating a central hub that feels both open and comfortable. Upstairs, the additional bedrooms and large bonus room provide options for media, play, fitness, or guest space, while the en suite bedroom offers added privacy for visitors or extended stays.
