This is a beautiful new construction home with lots of new builds in the neighborhood. This beautifully designed 2-story home features an open floor plan with 10-foot ceilings downstairs and 9-foot ceilings upstairs with plenty of natural light to fill every room. The heart of the home is the spacious kitchen, complete with a huge island, quartz countertops, soft-close cabinets, and upgraded tile backsplash. The master suite features an accent wall and built-in cabinets and includes a stylish over the top bath with rain head shower and separate soaking tub, and modern finishes. Rarely do you see a bath like this in this price range. The master also has a large walk-in closet. There is also a landing area upstairs that would make a great area for a home office. Other upgrades include upgraded luxury vinyl flooring throughout with tile in the baths, 5 panel interior doors, and most all the finishes in the home have a custom feel to them. It is really hard to find such a wonderfully crafted new construction home for this price. This home also has a privacy fence to give the buyer a more secluded backyard and an attached one car garage. Union Heights is an up and coming neighborhood with lots and lots of new builds close to downtown Charleston without the downtown Charleston prices. Listing agent is related to the seller.
