**\$165,000**

**3 Bedrooms | 2 Bathrooms | 1,792 Sqft**

Situated on a full 1-acre lot, this property offers a great opportunity for investors or renovators. The existing mobile home is in overall standard condition, however, some rooms and a bathroom have experienced ceiling damage and mold and will require repair. Interior photos will be shared upon request. Property is being sold as-is, making it ideal for those ready to bring their vision and restore or replace the home. Plenty of space and potential to create something special. There was a shop in the backyard which burned down, the slab and electrical is still in place. Home is in the process of being de-titled.
