Step into your new sanctuary full of natural light, where an airy open floorplan & thoughtful custom upgrades welcome all of your new memories. Unwind in the Living Room while enjoying the gas fireplace, cook up your favorite meals in the large Kitchen w/Granite counters, Gas Range & Stainless Steel appliances (Refrigerator conveys!), while family and friends claim their barstools at the counter & enjoy meals together in your Breakfast/Dining area. The custom built-in Desk/Office space under the stairs is perfectly tucked away for studying, working from home, a reading nook or a pet pad. Right off the Living Room is your Screened Porch with pull-down Privacy shades. The Fenced Backyard offers a serene Pond view (go fishing just steps from your back door) and a wooded area in the distance. Throughout the home, all windows are adorned with custom Plantation Shutter blinds. All bedrooms, Laundry Room, and a generous Loft/Flex space are upstairs. All bedrooms and the Loft (could be made into a 4th Bedroom) have Ceiling Fans. The Primary Suite features views of the pond, a walk-in closet, en-suite bathroom w/Dual Sinks, walk-in shower & Linen Closet. Both Secondary bedrooms feature walk-in closets & face the wooded green space in front of the home. This green space in the middle of the cul-de-sac has picnic tables
