One of a kind!! This stunning Modern Coastal midcentury ranch has an airy, open-concept floor plan that seamlessly integrates the kitchen, dining, and living areas with vaulted ceilings and timber beams. However, what sets this home apart is the primary living spaces. The gourmet kitchen features marble countertops, plentiful storage, island seating, and brushed gold fixtures. The Primary Bedroom/Bathroom elevates this home to grandeur. The custom-designed primary bath includes dual vanity sinks, a wet shower-room with vitamin C-infused rain head, a ready-made steam shower, plus a temperature-controlled cold plunge/ hot tub and heated tile floors. In addition, this 4 BD/ 3 BA home sits on a .26-acre lot with a wood fenced yard lined with fruit trees. This one is a Diamond! Come see us!
