\$2,050,000

4 Bedrooms | 2 Bathrooms | 2,004 Sqft

This Isle of Palms property could be your perfect Island GEM. Situated on an expansive lot of nearly half an acre, the elevated home is complemented by a highly desirable, detached garage--an uncommon feature in this area. The thoughtfully designed four-bedroom layout provides both comfort and flexibility, with three bedrooms positioned on one side of the home and a private fourth bedroom on the opposite side--ideal for guests or a mother-in-law suite. Multiple living areas include a formal dining room, spacious living room, and a separate family room, along with a breakfast nook for casual dining. Recent updates, including a freshly painted interior and new carpeting, make this home truly move-in ready. Enjoy this peaceful lifestyle from the inviting front and back porches, perfect for relaxing evenings beneath the trees. The attached garage offers ample space for storage, hobbies, or workshop use. In contrast, the detached garage presents endless possibilities--whether maintained as additional vehicle storage or transformed into a home office, fitness studio, or kids' play space. There is so much to enjoy in this neighborhood, ride your bike to the park and recreation center, put your boat in at the IOP Marina, or just enjoy a relaxing day on the Beach. Schedule your showing today!
