If you're looking for all The Ponds has to offer, but also want to have peace and quiet, and nothing but trees out your back door, this is your chance! This one-owner home was built in 2022 and has been cared for and improved upon since. From the street you'll appreciate the green space between the neighbor, and the trees you can see beyond the back yard. As soon as you open the front door you're greeted by an open foyer two full stories tall. Immediately to the right you'll find the formal dining room with beautiful beamed ceilings. Through toward the back of the home is the open concept kitchen and living room. In the kitchen you'll find a large island, and more than enough counter space for all the appliances. Granite counters, gas stove, and tons of natural light make this a dream to cook in. The living room has a gas log fireplace for those cooler nights, and leads to the downstairs bedroom and full bath. Upstairs you'll find a large FROG ready to become anything you wish, two more guest beds, a full bath, laundry, and the primary suite. In the primary you get plenty of square footage, a tray ceiling, and a full bath with dual vanities, a garden tub, and an oversized walk-in shower. You'll also find the entrance to the large walk-in closet. Out back is the screen porch that leads out to the large back yard, and beyond you get nothing but trees. This lot was chosen
