3 Bedrooms | 3 Bathrooms | 1,728 Sqft

Welcome to 2 Gadsden Street, a beautifully reimagined 3 bedroom, 3 bathroom townhome in the heart of Harleston Village, just one block from Colonial Lake and next door to William Moultrie Playground. Offering two off-street deeded parking spaces and no HOA or regime, this downtown Charleston home delivers a level of convenience and flexibility that is difficult to find on the peninsula. Inside, the first floor has been completely redesigned to live more like a single-family home than a traditional townhome. The open layout centers around an expansive kitchen and entertaining space rarely found in a home of this size, featuring custom cabinetry, solid quartzite counters and backsplash, a 30-inch professional range with vent hood, and a large marble island with seating for three. A walk-in butler's pantry with a wine fridge and abundant storage adds everyday function while keeping the main living areas clean, open, and ready for gathering. Oversized windows, plantation shutters, and natural light throughout create a bright and welcoming feel, while the dedicated tiled laundry room adds practical convenience. The spacious primary suite features a beautifully finished ensuite bathroom with Carrera marble flooring and a walk-in shower. Additional highlights include a guest bathroom with a soaking tub and Calacatta Viola marble flooring, custom closet cabinetry
