This beautifully designed home offers the perfect blend of comfort and style, featuring a spacious primary suite on the main level with a decorative coffered ceiling, a generous walk-in closet, and a spa-inspired bath with a tiled shower, double linen closets, and a private water closet. A two-story foyer and 8-foot five-panel doors elevate the main floor, while the gourmet kitchen shines with stone gray cabinets, a gas cooktop, wall oven, microwave, and an oversized pantry. Enjoy outdoor living on the covered porch with full irrigation included. Upstairs, an expansive loft provides flexible living space, along with three additional bedrooms, including a guest suite with full bath and a Jack-and-Jill bath with dual vanities. Home exterior is fiber cement plank, and the home comes with full irrigation system in front and back.
