\$850,000

4 Bedrooms | 2 Bathrooms | 1,832 Sqft

This 4-bedroom, 2-bathroom brick ranch offers one-story living on a spacious 0.29-acre corner lot in the heart of Mount Pleasant. In 2022, the home underwent a significant renovation including new bathrooms, new flooring, new lighting, new drywall and a complete paint refresh. A newer roof and a newer HVAC system (including new ductwork) prevent insurance hurdles from day one. The 2-car detached garage is ready for your golf simulator, home gym, pool table, workshop and/or extra storage. The carport provides ample covered parking (just in time for summer). A fully fenced backyard is the perfect dedicated space for boat or RV parking. Please note that per HOA, this property cannot be rezoned for commercial use. Situated in the Heritage neighborhood, this home is within short distance to Coleman Blvd and provides easy access to Hwy 17, I-526, IOP, Sullivan's Island and neighborhood schools.
