TOTAL SQ FT 2864 \*\*\* Sophisticated coastal living & Charleston style describes this elegant move-in-ready home built in 2019. Featuring open-concept floor plan, 10-foot ceilings, modern chefs kitchen with white cabinets to ceiling, large rectangle island, primary suite on main floor, PLUS an array of designer upgrades - custom lighting, wallpaper, shiplap, board-and-batten details, plantation shutters, and custom primary closet. Three addl guest bedrooms and versatile loft space upstairs. The detached in-law suite over garage offers 518 SQ FT exceptional flexibility as guest retreat, private office or recreation space. Screened porch overlooking the fenced backyard with breathtaking sunset views - all within walking distance to community amenities, trails, parks, and pools. Build by John Wieland homes in 2019, this home is among the most recently constructed homes in Edgefield Park section of Daniel Island and within minutes to the island's newest community pool The Crowsnest, plus playgrounds and pickleball courts. Home features modern finishings, 10-foot ceilings and wide-plank hardwood flooring throughout. The family room features a gas fireplace with custom shiplap detail, built-in shelving, and a wood mantel, flowing seamlessly into the dining area and gourmet kitchen with large island. The first-floor primary suite
