Modern Living Meets Everyday Convenience -- A Must-See Townhome Opportunity. Discover a standout offering in this desirable townhome: an end-unit residence designed for comfort, flexibility, and contemporary living. With two full owner suites, each featuring its own private bathroom, this home is ideal for buyers seeking privacy, versatility, or shared living arrangements without compromise. The open-concept first floor creates a bright, modern flow perfect for entertaining or relaxing. A spacious living area connects seamlessly to the kitchen and dining space, while rear-yard access leads to a covered space with private garden area that overlooks a tree lined buffer for added privacy which extends the living space outdoors for year-round enjoyment. Located in the preferred Dorchester District 2 school zone, this home offers exceptional value for families and investors alike. Recent roadway improvements now provide easy, efficient access to I-26, making commutes smoother and daily travel more convenient than ever. With compelling pricing already in place, a layout that checks every box, this turn key end-unit townhome is truly a must-see for buyers seeking style, convenience, and long-term value.
