Old Mount Pleasant charm meets highly sought after single story living in this fully renovated ranch home. Set in a lush landscape of Live Oaks and local flora, this home boasts one of the largest lots in the neighborhood and is only six minutes from the front door to Sullivan's Island. A cute covered porch greets you and welcomes you into a wide open floor plan which lives larger than the square footage suggests! After a comprehensive renovation, this home features all LVP wood look flooring, perfect for living so close to water and sand, beadboard wall treatment throughout and designer lighting fixtures. The great room design offers a large dining area for hosting dinner parties and holiday celebrations while the living area gathers around a brick, wood burning fireplace. Ideal forentertaining, the focal point has to be the stunningly renovated gourmet kitchen. Separated from the living area by an oversized, furniture style island, this piece houses the five burner gas cooktop and microwave drawer, all while providing a space for friends to perch on a stool and chat while you whip up the evening's treats! An enormous amount of countertop space is topped with gorgeous leathered granite and accented with to-the-ceiling cabinetry and custom tumbled tile backsplash. Truly a cook's dream, this kitchen features double ovens and a dedicated bar
