4 Bedrooms | 2.5 Bathrooms | 1,986 Sqft

Completely renovated in 2024, this stunning 4 bed / 2.5 bath home in Whitehall checks every box. From top to bottom, no detail was overlooked -- new roof, HVAC, flooring, kitchen, water heater, fixtures, vanities, and fresh paint throughout. The kitchen is the heart of the home, featuring white shaker cabinets, stone countertops, stainless steel appliances, a glazed subway tile backsplash, and a center island -- all bathed in natural light. Specialty craftsman touches like shiplap, trimmed accent walls, and floating shelves give the home a designer feel you won't find at this price point. The primary suite is a true retreat with a walk-in closet, garden tub/shower, and a beautifully appointed en suite. Three additional bedrooms offer generous space for family, guests, or a home office, including the large finished FROG, which adds incredible flexibility -- perfect as a bedroom, bonus room, playroom or media room. Step outside to a fully fenced backyard on a corner lot -- ideal for pets, entertaining, or simply having the extra privacy and yard space that's hard to come by. Community amenities include a pool, park, and walk/jog trails. Centrally located with easy access to shopping, dining, and everything you need. This one is truly move-in ready -- just unpack and enjoy.
