Welcome to 2039 Bishop Drive, a truly exceptional home where quality craftsmanship and meticulous care are evident at every turn. Lovingly maintained and thoughtfully improved over the years, this immaculate residence is one you simply have to experience in person to fully appreciate. Designed for comfortable everyday living, the home features a bright and inviting floor plan highlighted by a stunning 18' x 18' (324 sqft) sunroom that seamlessly extends the living space and provides the perfect setting for relaxing or entertaining year-round. The long list of improvements reflects a homeowner who invested in lasting quality rather than quick fixes. Major upgrades include a brand-new architectural roof (2025), new HVAC heat pump (2024), tankless water heater, encapsulated crawlspace with automatic French drain, updated primary bathroom with custom tile shower, updated windows throughout, updated kitchen lighting, and buried electrical service from the street to the home. Step outside to discover a private backyard retreat featuring professional landscaping, a spacious stone patio with sail shade, privacy fencing, storage shed, and mature landscaping that creates a peaceful outdoor setting. The oversized yard offers plenty of room to enjoy while remaining beautifully maintained. Located in an established neighborhood with
