If you've been picturing a lock-and-leave lifestyle, this ground floor condo delivers exactly that in one of the Charleston area's most coveted zip codes. Whether you're looking to downsize, or searching for that low-maintenance second home near the coast, Mount Pleasant makes that easy to picture. Quick access to everything Charleston has to offer- Costco, plenty of grocery stores, hospitals, several restaurants, and Boone Hall just to name a few things. You'll also find plentiful coastal charm and marsh views, without giving up that small-town, neighborly feel. Inside, the living area is genuinely spacious, and it flows right into the kitchen with eat-in dining area. There you'll find a sizable pantry and storage and in-unit laundry room. The primary bedroom is a real retreat, complete with its own ensuite bath for privacy and comfort, as well as a large walk-in closet. The secondary bedroom has a bath of its own, too, which makes it great for guests, a roommate, or a home office that can double as a bedroom when needed. Outside you'll find an oversized screened-in porch, which may become your favorite room in the house. Morning coffee, evening wine, that first cool breeze after a hot Charleston afternoon, I'm sure this is where you'll end up spending a lot of your time. Low HOA fees here which means more room in the budget for
