Sometimes you want to tee it up. Sometimes you just want to sit on the porch and watch the foursomes go by. People don't choose The Highlands because they've always dreamed of owning a condo. They choose it because living here gives them something far more valuable: freedom. Freedom to join and enjoy the club if you wish. Freedom to stroll over for dinner. Freedom to lock the door and travel without another weekend spent mowing grass, cleaning gutters, or worrying about the house. From the screened porch, your view stretches across the 10th green and back down the fairway toward the iconic Legend Oaks clubhouse. Between here and there lies everything that makes the Lowcountry the Lowcountry--towering live oaks, palmettos, longleaf pines, deer, herons, ibis, and the quiet rhythm of life in one of Summerville's most beautiful settings. One of only two golf course condos currently available in Summerville, this is also one of the area's most attainable opportunities to enjoy the Legend Oaks lifestyle. Offering three bedrooms, two baths, vaulted ceilings, a screened porch, and approximately 1,600 square feet, this isn't the destination. It's the launch point for the life people come to Legend Oaks to live.
