\$375,000

4 Bedrooms | 3 Bathrooms | 1,711 Sqft

A rare find: 4 full bedrooms, 3 full baths and an office! Need a Mother-in-law suite? French doors open to a bedroom, hall, nice closet, full bath and den/office with separate entrance. Real maple wood floors. Kitchen features cabinets galore, white appliances, green granite countertops. Split bedroom plan offers lots of privacy. Main bath is handicap equipped. Living/dining room combo. Den is the center of home. Newer vinyl clad windows. The Workshop sits under a large oak tree. Storage shed. Very large level lot gives children a place to run and play, Mom's garden and flowers or just relaxing underneath the mature trees. One car garage w/opener. All appliances convey. Newer HVAC. If you need a true one story, this is it! Some floored attic space over one car garage. A very nice home!
