4 Bedrooms | 2.5 Bathrooms | 2,558 Sqft

Stunning brick home in the highly desirable Brickyard Plantation neighborhood nestled on an expansive lot with oak and fruit trees, mature landscaping and foliage makes an impressive first impression. This house is a gem! Situated in a convenient location, it is only a short drive to Jennie Moore Elementary and Laing Middle as well as restaurants, shops and hospital. This truly versatile floor plan offers many opportunities for any family. Upon entering the two story light filled foyer, you will see the elegant formal living room and continue into the dining room which offers the ease of entertaining. Walk through the kitchen to the warm and inviting vaulted family room with a wood burning fireplace and is a perfect room to relax and enjoy the family or just snuggle in with a book. Adjoining the living area is the well appointed, spacious eat in kitchen with pantry and more than ample counter space. Enjoy being with your family and guests while preparing your meal! Step from the family room to the inviting screen porch which overlooks the private back yard with beautiful lush foliage. The backyard is a dream with its stunning lawn and manicured gardens. Adding to this vibrant back yard, an expansive deck adjoins the screen porch and is perfect for your grilling and bbq while offering the ideal opportunity to entertain family and friends. Take advantage of outdoor
