5 Bedrooms | 4 Bathrooms | 3,392 Sqft

3392 square feet of timeless presence! Welcome home to spacious 1876 Village Crossing Dr.,- where effortless charm and warmth join together. As you arrive, flanking palm trees lead you to a fabulous full front porch. Upon entry, your eyes are immediately drawn back, noting the abundance of natural sunlight and rich hardwood flooring throughout most of the home. To the left, is a private home office (easily convertible to a sixth bedroom), and to the right is a fabulously cozy seating lounge (this versatile flex space can also serve as a formal dining or media room). Continuing back, the combined great room and kitchen are the ideal setting for family and friends. Sunlight beams into the family room with fireplace, and the oversized kitchen island is the centerpiece for great gathering. This exceptional floor plan offers the rare luxury of two Owner's suites. One Owners Suite is on the first level - and another Owners is upstairs; ideal for multi-generational living, accommodating guests in style, or providing a fabulously large bedroom and play space. Two additional bedrooms and a hall bath upstairs provide plenty of room for the whole family. In addition to the four (or five) bedrooms in the main home, a separate finished area over the garage (FROG) provides a completely separate and full living space with its own entrance, full kitchen, washer/dryer,
