Welcome to the Country Lifestyle. Step back in time away from all the stressors of today's world. This home built in the 1800's has character that is hard to find. Beautiful heart pine floors and walls throughout. Kitchen has been updated with granite counter tops and a gas cooktop in the island. A large array of kitchen cabinets and a pantry. Storage galore. A formal living room and dining room along with an eat in kitchen. If that wasn't enough, there is a large gathering room and glassed in porch. Beyond that are two outdoor open porches for rocking and enjoying life. Primary ensuite is located on the first floor with a claw footed tub and a separate shower. It even has a bidet! A full laundry room is also located on the main floor. Come see this well built home today.
