**MLS# 26021042**

**\$470,000**

**3 Bedrooms | 2 Bathrooms | 2,144 Sqft**

Charming low country home located on a corner lot on almost half an acre! Inviting front porch greets you as you walk into the home. Open concept living and dining with hardwood floors. Galley style kitchen with window overlooking the backyard and eat in dining area. Covered deck off the dining room, great to wind down and relax. There are two bedrooms downstairs with a shared bath. the larger downstairs bedroom is spacious enough to be a secondary primary suite. Upstairs the primary suite has its own private deck. Primary en suite bath has a separate tiled shower and garden tub and a closet that dreams are made of! This home backs up to wetlands and the neighborhood has no HOA! Enjoy peace and quiet in a convenient location, close to all Charleston has to offer.
