5 Bedrooms | 3 Bathrooms | 2,432 Sqft

This fixer-upper and contractor special presents a great investment opportunity. This unique property features a 1985 manufactured home with brick underpinning and a two-story, stick-built addition. The 2,432-square-foot home offers five bedrooms, three bathrooms, 13 total rooms, two potential kitchens, and two separate entrances. It is currently connected to residential power and serviced by a well and septic system. A significant portion of the demolition work has already been completed, leaving a blank canvas ready for your renovation. The property is located four miles from the nearest boat landing, offering convenient access to both sides of the excellent fishing grounds around Edisto Island, and is less than a 25-minute drive to Edisto Beach.
