\$375,000

4 Bedrooms | 2.5 Bathrooms | 2,338 Sqft

Welcome to a sanctuary where sustainable living meets luxury. Spanning 2,338 square feet with 4 bedrooms and 2.5 baths, this home sits on a lot backing to private woods, offering energy independence and natural beauty. Inside, the open layout simplifies daily life. The kitchen features a walk-in pantry for storage. Upstairs, find four bedrooms and a second-floor laundry room. What sets 4469 Ocean Farm apart is its infrastructure: * Eco-Friendly Power: Solar panels (assumable loan) and an 11kW Tesla Powerwall ensure low energy bills and power during outages. * Pure Comfort: A whole-house water filtration system and dehumidifier provide clean water and ideal humidity. * Large backyard opens to raised gardening beds for fresh produce and is backed by woods. Don't let this home slip away!
