4 Bedrooms | 3 Bathrooms | 3,046 Sqft

Welcome home to 2008 Sanders House St, a beautifully appointed 3,046-square-foot home offering thoughtful design, exceptional functionality, and stylish indoor-outdoor living. From the moment you enter, custom details and modern finishes create a home that feels both refined and inviting. The property also includes a deep 3-car garage with a tandem layout providing ample space for 3rd vehicle parking, a workshop, or additional storage. The main level features a sophisticated custom office designed for productivity and privacy, with dramatic color-drenched walls, custom tinted glass french doors and walls, and a statement wood-slat accent wall. There is also a full bedroom and bathroom downstairs, ideal for guests or flexible living arrangements, along with the added convenience of a built in drop zone and expansive storage. The open living spaces are complemented by a herringbone backsplash in the kitchen and cabinets to the ceiling, an integrated sound system, and expansive windows for natural light. Step outside through the impressive triple-slider doors to a screened porch designed for year-round enjoyment, complete with an outdoor gas fireplace - the perfect setting for gathering or relaxing. The fenced backyard directly adjacent to a park provides an especially appealing combination of useful yard space and
