3 Bedrooms | 2 Bathrooms | 1,616 Sqft

Welcome Home, to a beautifully maintained, nearly two-year-old home situated on a desirable **corner lot in Pine Hills at Cane Bay Plantation. Offering 1,616 square feet, 3 bedrooms and 2 full baths, this home has been lived in only part-time and shows with the care and condition you'd hope to find in a much newer home. Inside, you'll find a bright, inviting floor plan designed for easy everyday living and entertaining. The kitchen is the heart of the home and features a gas range, plenty of workspace and an open connection to the main living areas. Step outside and you'll quickly see what makes this homesite special. The backyard is fully fenced and features a beautiful cobblestone-style patio, creating the perfect spot for grilling, relaxing or enjoying a Lowcountry evening. Being on the corner gives the property an added sense of openness, with HOA open space along the right side and a pond beyond the rear, providing a more spacious setting than your typical interior lot. With its immaculate condition, lightly lived-in interior, fenced yard, upgraded outdoor living space and fantastic homesite, 105 Ivory Shadow offers the benefits of newer construction without waiting to build. Move right in and start enjoying everything Pine Hills and Cane Bay Plantation have to offer!
