\$315,000

3 Bedrooms | 2.5 Bathrooms | 1,786 Sqft

Built in 2026 and never occupied, this move-in-ready end-unit townhome in Lindera Preserve at Cane Bay features a spacious fenced backyard with pond views, an extended driveway, and a completed townhome setting with no ongoing construction in its immediate section. Conveniently located near the front of Cane Bay, 784 Ridgley Drive offers easy access to Cane Bay Marketplace, the Cane Bay YMCA, Nexton, Carnes Crossroads, and I-26. Inside, additional end-unit windows bring abundant natural light into the fresh, neutral interior. The home is truly move-in ready with a new refrigerator, washer, dryer, window blinds and fence already included--valuable additions that buyers often purchase separately with new construction. Modern finishes and an untouched interior provide the feel of a newbuilt home without construction timelines, design decisions, or post-closing setup. The fenced backyard is an especially appealing feature for townhome living, offering a peaceful pond view and ample room for outdoor seating, grilling, gardening, or relaxing. The end-unit placement provides an enhanced sense of openness, while the extended driveway adds everyday parking convenience. Lindera Preserve amenities include a resort-style community pool, playgrounds, parks, walking trails, and neighborhood green spaces. With shopping, dining,
