A Contemporary Coastal Waterfront Retreat Set along Scott Creek with extraordinary views across the marsh and out to the Atlantic Ocean, 618 Flowers Drive is a truly special Edisto property. Designed to embrace its surroundings, this contemporary home brings the beauty of the Lowcountry into nearly every room, with expansive windows, dramatic ceilings, multiple levels, and outdoor spaces that take full advantage of the water and surrounding landscape. Custom- built by local treasure, Terry Hoff and created for a simpler, slower way of life, the home offers a wonderful connection to the outdoors, with space to enjoy the water, watch wildlife, tend the garden, and simply savor the beauty of the setting. It is a home that invites you to open the doors, settle in, and let the landscape become part of your everyday life. The main living area is dramatic yet comfortable, with a 14-foot custom walnut wave ceiling drawing your eye toward the marsh and ocean. The 11-foot kitchen ceiling adds to the open, airy feeling, while the beautifully designed kitchen brings people together around a generous workspace and island. Custom cabinetry, Euro-style countertops, a Sub-Zero refrigerator, wine refrigerator, two dishwashers, and a professional Wolf range with dual ovens, four burners, grill, and griddle make this a kitchen equally suited to quiet
