No HOA, recently updated, a large master, and still with a 2 car garage! That's what you get in this move-in ready home that's still just minutes from everything you need in life. This house opens right into the living area and flows back to the dining and kitchen. The converted garage is now a master suite with oversized closet, a full bath, laundry, and a private exit to the back yard. The opposite side of the home holds 3 more guest beds and another full bath. The back yard has a 2 car detached garage to supplement the already oversized parking, and still has room for a fire pit and play house inside the privacy fence. With recent renovations complete, this house is ready for new owners to call home!
