3 Bedrooms | 1 Bathroom | 1,372 Sqft

Step into a home where many of the important updates have already been completed. Since 2023, the property has received new wood flooring in place of carpeting, a new water heater, an app-controlled smart thermostat, gutter guards, and HVAC servicing and repairs. Further improvements in 2024 included new washing-machine supply lines, the addition of a water pressure-reducing valve, updated plumbing beneath the bathroom sink, and stylish new lighting in the dining area, living room, and versatile flex room. Most recently, the flex room's exterior wall was replaced in 2026. Even better, the home is conveniently located near West Ashley favorites such as Home Team BBQ and Boxcar Betty's, St. Andrew's parks and playgrounds, and I-526. With meaningful improvements, flexible living space, and a well-connected West Ashley location, this home is ready for its next chapter.
