4 Bedrooms | 2.5 Bathrooms | 1,723 Sqft

Finally... affordability with extra space in West Ashley! Tucked just off Highway 17 right behind Carolina Bay; 15 minutes from the airport and 20 minutes from downtown Charleston. Along with four bedrooms and 2.5 baths, there's an extra 400 sq ft (not part of 1,723 sf) of open flex space fitted with a refrigerator, sink and cabinets, perfect for hanging out or for roommates. Inside, a cathedral ceiling gives the family room a spacious, open feel, and big windows frame the brick fireplace while looking out onto the large fenced backyard. The primary suite with ensuite bath sits privately at the end of the hall. Upstairs, a mezzanine overlooks the family room, with a bedroom at each end with FROG in the middle that works as bonus room or fourth bedroom. Out back, the privacy-fenced yard is perfect for sports, barbecues and birthday parties. Built in 2008, this home has solid bones, a great layout and is priced right!!!! A buyer willing to roll up their sleeves to paint and polish gets a great location and the space they need at a price that makes sense all while building equity with every coat of paint. Sold as-is. No HOA. No flood insurance.
