Welcome home to 7871 Park Gate Drive, a bright and thoughtfully updated townhouse where the work has already been done for you. Year after year, these owners have invested in making this home better, and it shows the moment you walk through the door. The heart of the home is the beautifully upgraded kitchen, with crisp white cabinetry, sparkling quartz countertops, a soft gray glass subway tile backsplash, stainless steel appliances, and extended track lighting that makes every inch of counter space glow. Updated wood-look flooring flows throughout the main level, connecting the kitchen to a sunny dining area and a comfortable living room, so the cook is never left out of the conversation. Upstairs, the primary bedroom offers a vaulted ceiling and a wide window that frames the treetops, and ceiling fans have been added to the bedrooms for year-round comfort. The bathrooms have been refreshed with new quartz vanities and new mirrors, including a double vanity that gives everyone room to get ready without the morning shuffle. Then, step outside and discover the spaces that truly set this home apart. A screened patio, complete with a ceiling fan and new blinds, is the perfect spot for morning coffee, an evening glass of wine, or a lazy afternoon with a good book, all without the bugs. Beyond it, a fully fenced backyard features low-maintenance
