From sunrise to sunset, you will love every day of living in this mid-Century modern, gem of a home surrounded by lush greenery. It's perfectly distanced from the road offering a lovely front yard setting with an expansive back yard still to be discovered. Beautiful walnut finished hardwood flooring runs all the way throughout the home. Every inch of this home has felt some love with a fresh new coat of paint inside and out! A large living room and dining room combo at the front of the home provide a spacious area to entertain or just get away for a quiet moment. Around the corner, the kitchen/den combo is the heartbeat of the home. Cabinets with bookshelves flank the fireplace for storage and display. Sit in front of the fire and get cozy while smells from the kitchen drift in. The freshly painted kitchen is compact with everything you need. Multiple cabinets, deep spaces and a pantry for storage. All the appliances are high quality (Bosch dw) with the centerpiece being the Fagor range with 5 gas burners, an inversion oven and rotisserie spit, made in Spain. The quartz countertops blend nicely with the freshly painted cabinets for a clean, ready workspace. Spaciously sized bedrooms and a newly updated shared hall bath sit just across the hall. The front bedroom has a king-size murphy bedroom built in with a bookcase attached. Perfect for office or nursery
