Wonderful updated brick luxury townhome with a deep backyard for your outdoor pleasure. This townhome has been tastefully updated with a new kitchen with white shaker cabinets, tile backsplash, quartz countertops, and stainless appliances. The living/dining room has a shiplap accent wall, and all the ceilings are smooth. The master bedroom is downstairs and features a beautiful new luxury tile bath with double vanity and a shiplap accent wall. The shower has a rainhead shower head and 2nd shower head and sprayer for a spa like feel. There is also a half bath downstairs. Upstairs are two bedrooms with a new higher end finished tile jack and jill bath with double vanity, shiplap accent wall, and Zellige tile bath surround. Other upgrades include new fixtures, new 5 panel doors, fresh paint, new HVAC, new windows, new water heater, LVP flooring upstairs and downstairs, and more. This home is just a short distance to all that Park Circle has to offer with its shops, restaurants, bars, and parks. This is really a great opportunity to own a remodeled home in Park Circle this size with 2.5 baths for much less than a single family detached home, yet still has a nice deep yard.
