This beautiful wooded lot is situated in the natural setting of Edenvale Farms, a rural residential development that offers estate-sized lots where you can embrace all that is Johns Island with plenty of space to do things your own way. This Bluffton home design is just one of the many options offered from Schumacher Homes. This particular design is based on the option for the detached three car garage with bonus living space above. There is also a design package in the documents section which further explains the specific design options and finishes, but final design and feature choices will be through Schumacher Homes directly. At closing the lot would be purchased and the construction process would then be directly through Schumacher homes. This home is also marketed separately as vacant land which can be viewed by visiting MLS #24016497. Listed By Charleston Trident MLS
